# Why Choose T3?

## Expect the Unexpected

1

The key to clearing the RAS examination has always been selective study. But lately, the selective study does not seem to be enough. The nature of questions and the uncanny ability of RPSC to always bring out the unexpected in the exam requires much more. Here at T3, our primary focus is to make the unexpected expected for our students. Also, the study material and lectures are designed to be interesting & effective for a better grasp of the students.

## Free Personal Mentorship and Guidance

2

Students are provided one-to-one guidance regularly for clearing doubts & keeping them motivated while preparing for this supremely dynamic exam. Our teachers are driven by excellence. The objective is to provide individual mentorship to each and every student. It is the personal responsibility of the mentor to get the prelims and mains exam cleared of the mentee.

## Special Scholarship Options for EWS

We believe in giving back to society and so we have special scholarship options for students belonging to the EWS category. Attend one month's classes and appear for the test based on which the second installment of the fees would be discounted.

## Quarterly #GiveBack Programme

4

Our Director believes in not just imparting knowledge but to teach the soon-to-be administrators the ground realities and problems of the marginalized sections. Through this #GiveBack to society programme, we would organize trips to NGOs and such. We want the aspirants to understand the practicalities of being an administrator and inculcate the principles of working for the upliftment of the society which would help them immensely in Mains answer writing and Interviews as well.

## Current Affairs & Reference Books Covered

All relevant sources of Current Affairs such as The Hindu, Indian Express, PIB, Yojana, government documents are discussed in detail. Also, we do not JUST recommend reference books for you to study through once the course is over, we cover those books during the course and take mock-tests to assess your learning.

## Regular Revisions & Tips to Crack Difficult Sections

We, at T3, understand the importance of regular revisions of the syllabus to brush-up on the learnings. Also, T3's teaching methodology allows the course to be completed in time and leaves students enough time to revise and prepare on their own. Additionally, we hold Special Discussions that address the difficult sections of the exam and show our students how to prepare and answer them.
